# WHAT CONNECTS US & BRINGS US TOGETHER TO ACHIEVE OUR GOAL

We are pleased that we may accompany you on your journey. That we can give your holiday destinations and dreams a home. And that with KNAUS you have a companion at almost all places in the world and on the most diverse holiday routes that gives you the good feeling of having arrived. With our products, enjoy independence, flexibility and individuality in the safest and most beautiful form of travel. Every KNAUS vehicle is the result of a strong community. Together with you, our highly motivated employees, professional partners and suppliers as well as a strong dealer and service network, we create freedom that inspires with each of our products.

**Go on a journey with us!** And discover your very personal freedom! Find your perfect travel companion here and find out what makes KNAUS vehicles stand out.

**Your freedom is our philosophy.** With boundless passion, we at KNAUS, have been creating unforgettable holiday moments since 1960. Backed by our experience and **the courage to blaze new trails**, we combine the familiar with the new. For our production, we rely on **Lower Bavarian craftsmanship**, and when developing new vehicles, we employ **cutting-edge design and production technologies**. This combination of proven principles and innovative ideas makes us one of the industry's most successful brands. **And the #Number 1 for our customers.**

## KEY CARAVANS

Notes on original KNAUS components and further online information can be found with the following symbols:

## BED VARIANTS

## MODEL SERIES CODES\*\*

### Seating aerea

**D** Dinette  
**L** L seating area  
**S** Salon seating group  
**U** U-shaped seating group

### Bed

**E** Single beds  
**F** French bed  
**Q** Transverse bed  
**X** Queen-sized bed

### Varianten

**B** Bathroom  
**K** Children's room  
**P** Panorama kitchen  
**TR** Transport

\* Please note that the number of beds indicated may include beds for both adults and children. The beds do not have the same dimensions. We therefore recommend that you consult your KNAUS dealer about the dimensions of the beds provided in the vehicle so that you can decide whether they are suitable for the occupancy (adults/children) you intend to have.

\*\* 2-division (front/rear) / 3-division (front/rear/garage)

All information partly includes special features, which are available at additional cost.

**There is a strong team behind every KNAUS.** Many of our employees are passionate KNAUS drivers & holidaymakers themselves. Their numerous personal experiences and those of our customers always flow into the development and optimisation of our products. In addition, each of our vehicles incorporates the precision of passionate employees who work in our ultra-modern production facilities, as well as components of our reliable partners and the knowledge and experience from 60 years of caravanning.

**State-of-the-art production.** Our main production and development site is located in Jandelsbrunn in Lower Bavaria. This is where our teams design new vehicles, test innovative technologies and create revolutionary novelties again and again which we definitely see as a source of inspiration for the caravanning industry. When the prototype meets our high standards and has passed all tests, series production begins. For this purpose, we operate two further ultra-modern production sites in Mottgers, Hesse, and Nagyoroszi, Hungary. Advanced production lines enable us to have a particularly efficient process flow in order to be able to react flexibly to new technologies and their production processes. This efficiency enables us, among other things, to offer you a unique price-performance ratio and to realise the dream of self-determined travel happiness for everyone.

*Our big anniversary gift for you: The attractive anniversary special models 60 YEARS with numerous equipment features at the best price*

**Our experience.** We know where we come from and have never forgotten the vision with which Helmut Knaus founded Knaus KG in 1960: With KNAUS vehicles, the dream of free, detached holiday happiness should come true for everyone. This principle still applies today, just as it did 60 years ago, and guides every one of our decisions and product developments. On the occasion of the 100th birthday of Helmut Knaus and at the same time the 60th anniversary of the KNAUS brand, we can look back proudly and above all thank those who have always accompanied us: You, our loyal customers! Thank you for your trust! To find out more about our history, visit [www.knaus.com/history](http://www.knaus.com/history)

**The future starts now.** THE MISSION is the assignment, the courage and the goal to revolutionise the future of the leisure vehicle industry. Our innovative technologies are to be consistently developed further until we have revolutionised each of our series and can proudly say MISSION accomplished. Because we not only want to meet your demands, but exceed them. We want to inspire you again and again and be one step ahead of standard technologies.

**48-volt vehicle electrical system.** A significant milestone on the way to self-sufficient energy supply and new types of consumers: a 48-volt vehicle electrical system offers the opportunity to use electrical components such as an air conditioning system, a large-volume refrigerator, an electric panel heating system or other intensive power consumers without direct connection to the public power grid for longer or in parallel. This enables more independent, spontaneous travel. In addition, the energy supply by gas can be significantly reduced or completely substituted. Portable batteries which are charged by recuperation or can be used multifunctionally complete the path to self-sufficiency in caravanning.

**Innovation at all levels.** At KNAUS the wheels never stand still. The best example of our pioneering spirit: The revolutionary technologies and groundbreaking materials that we have developed in the course of MissionTec. The patented FibreFrame and UltraLight lightweight materials showed us during the development of the TRAVELINO what is possible in terms of lightness, flexibility and sustainability and paved the way for the new development of the DESEO. The knowledge gained from this flows into all our designs and enables a unique potential for optimisation of our products. Whether consistent lightweight construction, highest vehicle stability or previously unused technologies: In all our studies and innovations we are always guided by the same vision - to offer you the best of the best.

For more information on our innovations, please visit [knaustabbert.de/innovationen](http://knaustabbert.de/innovationen)

**KNAUS MissionTec & Development partners**

In recent years, we have developed numerous innovations that have repeatedly confirmed our role as a driving force in the industry:

**PowerAxle.** Featherweight chassis technology & a significant step towards hybrid and e-mobility in caravanning. As a consistent further development, the VARIO X chassis combines uncompromising lightweight construction thanks to its bionic shape with outstanding stability and load capacity with optimum handling.

**FibreFrame.** The self-supporting frame opens up completely new possibilities and flexibility in layout & room design.

**Connection technology.** During the development of the RevolutionCube technology we used EPP, an innovative material that is extremely light, stable and resistant. Using ultrasonic technology, so-called KALTSCHMELZ® dowels are firmly bonded to the lightweight carrier material.

For more information, visit: [mission.knaus.com](http://mission.knaus.com)

# DESEO

THE FLEXIBLE ONE

With the DESEO you can switch flexibly from transport to living in no time at all. The unique design enables particularly variable use of space so that even two motorcycles can be transported comfortably. Once you have arrived at your destination, the DESEO offers maximum living comfort and a unique feeling of space.

from page 34

# SPORT&FUN

THE PRACTICAL ONE

For those who can't get enough storage space, the SPORT&FUN is the first choice. In the huge front garage, an enormous amount of luggage can be stored clearly arranged. The large rear door and the roof railing and ladder are particularly popular with active holidaymakers. Even bulky sports and leisure equipment can be stowed safely and comfortably here.

# BEST TECHNOLOGY FOR THE MOST BEAUTIFUL TIME OF THE YEAR

Optimally constructed for 100% wanderlust. With our caravans you always arrive better, ensured by intelligent constructions, numerous innovations and practical features. The sum of all parts results in unlimited holiday happiness.

 More information on the exclusive 17" KNAUS aluminium rims from page 94

**1. VELOCATE GPS TRACKER<sup>3</sup>**  
If the worst comes to the worst, Velocate's optional GPS tracking system provides you with optimal protection. The tracking system requires very little power and can transmit for up to three months independently. Thanks to app control, it is particularly easy to operate. AGPS ensures particularly fast location determination and a sensitive GPS antenna provides the best reception for tracking even in difficult environments.

**2. STRONG, HIGH-STRENGTH GRP ROOF<sup>1</sup>**  
GRP is not just GRP. The strength varies depending on the total glass content. For maximal hail protection, we have therefore decided to use a high-strength variant with a fibreglass share that is three times higher than standard GRP.

**3. DURABLE PRO.TEC FRAME<sup>2</sup>**  
The Pro.TEC Frame is an especially severe aluminium strip that connects the side wall, front wall, back wall and the roof. It improves the stability of the structure and thereby the durability of the entire vehicle. It also offers a double-sided draw-in option for awnings. A particular highlight: in the Pro.TEC Frame, there is a compartment for sealing compound. This can therefore no longer spring up, and a clean appearance is created.

**4. KNAUS CATEYE evolution – TAIL LIGHT<sup>2</sup>**  
With three-dimensional lighting geometry and dynamic LED indicators, the new CATEYE evolution rear tail lights further enhance the design of the unique KNAUS night signature as well as increasing driving safety.

**5. CENTRAL SERVICEBOX<sup>2</sup> & WATER FILTER<sup>3</sup>**  
The complete supply technology centrally in one place. The flap integrated into the side wall gives you quick and easy access to all important elements. The new water filter is always installed in a maintenance-friendly manner and is therefore easily accessible for particularly easy installation and replacement. Detailed information on the structure of the ServiceBox can be found on page 21, on the water filter system from page 22.

**6. KNAUS LEAK-PROOFNESS GUARANTEE\***  
We know that our products deliver what we promise. For all our leisure vehicles, we offer you a 10-year leak-proofness guarantee on the body manufactured by us as well as a 24-month guarantee from your KNAUS partner within the framework of our guarantee conditions valid at the time of vehicle delivery.

**7. ON-ROOF AIR CONDITIONING<sup>3</sup>**  
In tropical temperatures, our optional air conditioning systems ensure a pleasant cooling of the interior. They also have a heating function and can dehumidify the air in the room. The Dometic Freshjet 2200 (OEM) on-roof air conditioner ensures efficient air distribution in different directions thanks to individually adjustable airflow, and can be conveniently controlled by remote control.

<sup>1</sup>Across all series <sup>2</sup>Depending on the model <sup>3</sup>Optional

\*For leisure vehicles made by KNAUS, we grant you a 10-year leak-proofness guarantee on the body manufactured by us in addition to your compulsory guarantee within the framework of our guarantee conditions.

**Optimally equipped and relaxed during your holiday.** So that your holiday remains unforgettable from the very first moment until the final second, our caravans have elements that increase both the driving as well as the living comfort. For this reason, we place as much value on an AKS stabiliser as on optimal gas supply.

*Detailed information on sleeping comfort in our caravans can be found from page 26 & on the various bed variants from page 28*

**1. PATENTED SHOWER CURTAIN WITH AIR CHAMBERS<sup>1,3</sup>**

Everyone knows: the wet shower curtain in a caravan is a magnet for the human body. Our vehicles are equipped with an integrated air chamber that helps the shower curtain to maintain its shape and thereby keeps it from your body.

**2. FIRST AID MEDIKIT<sup>1</sup>**

Heartburn, headaches, allergies: Things you hardly ever need - especially when you are travelling. To ensure that you are well prepared for the worst case scenario, every KNAUS vehicle is accompanied by a MediKit voucher\* with which you can conveniently redeem the practical first-aid kit with our shipping partner\*\* online.

**3. JOCKEY WHEEL WITH LOAD INDICATOR<sup>3</sup>**

Loading errors can be easily avoided with the new jockey wheel that includes a vertical load indicator. The current vertical load is displayed directly and you can react accordingly.

**4. OPTIMAL GAS SUPPLY<sup>1</sup>**

Thanks to the complex parallel lifting mechanism, you have a large access area. The gas pressure spring also ensures that the hood gently glides upwards. The optional aluminium floor makes the gas box for 2 x 11 kg gas cylinders even more solid. The new TRUMA<sup>3</sup> gas pressure regulators are easier to reset and have an optimised, clear status display. In combination with the easily replaceable gas filter insert<sup>3</sup>, the entire gas system and all gas-operated devices are effectively protected. Residues are collected in an exchangeable filter pad so that the filter cartridge no longer needs to be changed.

**5. BIKE CARRIER THULE CARAVAN SUPERB<sup>3</sup>**

With a payload of up to 60 kg, the bike carrier is ideal for two bicycles or e-bikes. It is mounted on the drawbar. Thanks to the low platform, the carrier is particularly easy to load and offers complete access to the gas box even with bicycles.

**6. SAFE ALKO CHASSIS<sup>1</sup>**

Every chassis of our caravans is hot-dip galvanized and therefore especially protected against corrosion. Due to semi-trailing arm axles and oil-pressure shock absorbers, you will enjoy a comfortable ride.

**7. AKS LANE STABILISER<sup>1</sup> & AL-KO AAA PREMIUM BRAKE<sup>3</sup>**

For a safe journey, the series AKS lane stabiliser eliminates swerving motions and thereby also the dangerous sway of the vehicle. Thanks to the self-adjusting AL-KO AAA premium brake, the caravan always brakes optimally with the brake process of the towing vehicle.

<sup>1</sup>Across all series <sup>2</sup>Depending on the model <sup>3</sup>Optional

\*A voucher to redeem the medicine set is enclosed with the vehicle. The medicine set contains medicines that must be purchased from a pharmacy. The voucher can therefore only be redeemed at the responsible MediKit mail-order pharmacy at [www.medikit.shop](http://www.medikit.shop). You can also obtain further information about your MediKit at [www.medikit.shop](http://www.medikit.shop).

**That's how nice it is to start your holiday with KNAUS Caravans.** With our different body doors, you have all the options. All KNAUS body doors are equipped with a weatherproof double seal to keep out unwanted driving rain and other weather conditions safely. The COMFORT and PREMIUM variants also have an automotive locking system and are available in an extra-wide version depending on the layout.

**The KNAUS ServiceBox: Practical & central access.** From the tank drain valve to the venting valves, from the water tank to the power connector: Thanks to the newly developed ServiceBox, you have central access to all important elements of the supply technology in your caravan through a flap perfectly integrated into the side panel. Instead of spending hours searching and just as much time with a complicated filling process, you can instead relax quickly.

*The modern inline keys slide particularly easily into the lock and do not get caught in the trouser pockets*

*600 mm & 700 mm width (depending on the layout)*

(dependent on layout)

**Our filter for a clear holiday pleasure.** As beautiful as the destination may be, the view into the fresh water tank can quickly spoil happiness. Unfortunately, clean water is not taken for granted everywhere. It's all the more important that you have the possibility to supply yourself with purified water. The high-performance filter system from our partner BWT offers the best conditions for this.

*Contaminated water can not only spoil your taste but also endanger your health*

*The BWT water filter works absolutely chemically free*

*Boiling and showering with hygienically clean water is one of KNAUS standards for carefree holiday enjoyment*

**BWT BESTCAMP WATER FILTER**

The handy water filter leaves nothing to be desired in terms of hygiene thanks to its ultrafiltration membrane. Microorganisms are effectively removed from the raw water. This allows hygienically perfect water to be produced without any chemicals whatsoever. The water filter can be installed in all our leisure vehicles and easily connected.

**Top-class technology:** thanks to the highly efficient hollow fibre membrane, the water filter achieves an excellent retention rate for microorganisms > 99.9999 % (log6). The large membrane surface ensures a high throughput and thanks to the manufacturing from completely food safe materials no unwanted substances get into the water.

**Practical application:** an 8 mm "John Guest" plug connection ensures particularly simple, tool-free installation. This also ensures that the water supply is guaranteed even when no replacement filter is available.

**Healthy enjoyment:** the water filter system minimises the risk of germs in the water. Especially in high-risk regions, the filter proves to be a useful tool for prevention and actively contributes to the protection of your health.

**This is how easy it is to install & change the filter**

1. We only install the filter when the vehicle is handed over so that you can use it for the full period of up to 6 months.

2. Installation is particularly easy thanks to the plug connection and clear markings.

3. The filter can be kept for up to 6 months from the day of installation. A special button shows the current status.

4. If no replacement filter is available, the intermediate piece guarantees the further water supply.

We don't build castles in the sky, instead we build furniture that creates a pleasant atmosphere. In our caravans, the expectations made of the furniture are very high. The expectations are not just met by providing attractive designs and a huge amount of storage space. Durability, durable construction and technology that inspires for as long as you own it – those are our standards.

#### ELABORATE INTEGRAL FURNITURE CONSTRUCTION

Air circulation is one of the most important requirements for a pleasant and healthy indoor climate.

##### Ceiling-mounted lockers:

They are exceptionally sturdy and are mounted with a gap between them and the walls. This allows the air to circulate unhindered behind the lockers. Condensation in the lockers is prevented, keeping your clothing and possessions fresh and dry at all times.

##### Kitchen unit:

All furniture is rear-ventilated in a manner that optimises the performance of the heater. The open rear ventilation cut-outs enable optimum hot air circulation, providing cosy warmth in the vehicle.

#### 1. STABLE SOFT-CLOSE FULL-EXTENSION SLIDES<sup>2</sup>

Due to the full-extension slide, the drawers slide out so far that they can be filled or emptied easily right to the very back of the drawer. They are precisely guided and close gently – for the entire lifetime of the vehicle, and probably beyond.

#### 2. SCRATCH-RESISTANT HPL/CPL SURFACES<sup>1</sup>

High pressure laminates and continuous pressure laminates are laminates that are specifically used for heavy loads such as in kitchens. The multi-layer construction is produced under extremely high pressure, and then sealed with an exceptionally robust surface layer. This makes our work areas and table tops (always HPL) and furniture fronts (CPL, depending on model) particularly scratch-resistant.

#### 3. ELABORATE AMBIENT LIGHTING<sup>3</sup>

Everywhere where indirect light increases the well-being, we install pleasant lighting concepts. Even the practical use does not take a back seat. For example, the ambient light strip underneath the kitchen countertop also illuminates the drawers, if opened. This way, you'll find the corkscrew in no time at all. The high-quality panelling on the back kitchen wall, in the same decor as the counter top, serves as a practical stain and splash protection and also creates a more harmonious overall look in the kitchen area.

#### 4. SOLID DOWELLING TECHNOLOGY<sup>1</sup>

We connect our furniture using elaborate dowelling as a standard. This means we achieve great precision in fitting, as well as a considerably more stable furniture construction so that your furniture will still serve you well even after many years.

<sup>1</sup> Across all series <sup>2</sup> Depending on the model <sup>3</sup> Optional

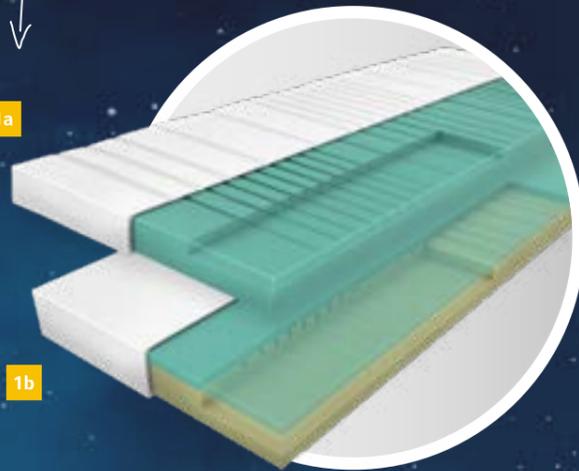

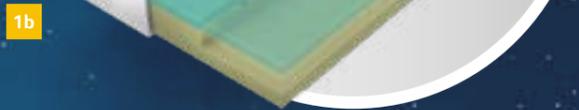

**Sweetly falling asleep and waking up relaxed.** We give the highest priority to the design of the sleeping area so that you can always have a relaxed start into an eventful holiday. Our concept comprises high-quality materials, well thought-out details and individualisable solutions.

1a

1b

2a

2b

5

4

3

*Our precisely fitting, optionally available sheets optimise the lying comfort*

### 1. EXCELLENT EVOPORE HRC MATTRESSES<sup>1</sup>

30% lighter and 40% less loss of hardness than comparable cold foam mattresses. No development of 'hollows' even in one-sided use. The 5-zone EvoPore mattresses (1a) not only pamper you with excellent sleeping comfort, they also impress with exceptional durability. The High-Resilience-Climate technology ensures that the mattress remains highly elastic even under demanding climatic conditions. For even more exclusive sleeping comfort, the optional WaterGel layer is up to 50 mm thicker. The breathable foam adapts smoothly to the body.

### 2. SLATTED FRAME<sup>1</sup> & SLATTED FRAME WITH DISKS<sup>3</sup>

The best mattress is only as good as its substructure. That's why we use high-quality slatted frames (2a) as standard in which the space between the single slats offers optimum stability and excellent ventilation at the same time. For a certain extra comfort, a disk slat (2b) is optionally available. This enables a point-elastic body adaptation and even better support function. In combination with the WaterGel layer you get the highest sleeping comfort.

### 3. BED EXTENSION<sup>2,3</sup>

Of course we want to ensure a maximum sleeping space for you. Special detail solutions also contribute to this, such as the precisely fitting roller slatted frames and mattress liners for single beds.

### 4. STORAGE SPACE, SOCKETS & LIGHTING<sup>2</sup>

Reading a bit more, charging your smartphone overnight and having your glasses ready to hand. For all of that and more, you'll find comfortable dimmable lighting, sophisticated storage options and sockets in the sleeping area.

### 5. TEXTILE ROOM DIVIDERS<sup>2</sup> & WALL COVERING<sup>2</sup>

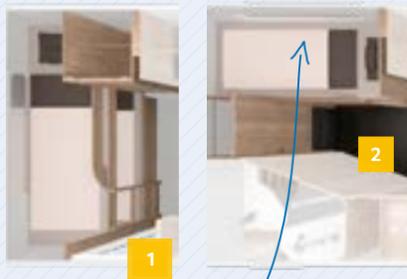

Especially with several travel companions and larger families, privacy is an important factor for a restful night's sleep. This is ensured by textile room dividers that are easy to pull out and provide pleasant privacy. Thanks to the soft-touch wall panelling, the sleeping area becomes particularly comfortable.

<sup>1</sup>Across all series <sup>2</sup>Depending on the model <sup>3</sup>Optional

# FANTASTIC VARIETY: DISCOVER OUR BED VARIANTS!

## BUNK BEDS\*

**1. Double bunk bed.** A permanently installed ladder provides easy access and the fall out protection ensures a safe night's sleep. Under the bed there is extra storage space.

**2. Optional triple bunk bed.** Depending on the layout, you will receive an additional wardrobe or access via the garage door, including insect protection when choosing this option.

*The storage space under the bunk bed is particularly easy to load thanks to the optional access from outside*

## FOLDING BED\*

**Optional folding bed.** A folding bed can be installed above the dinette for an additional, flexible sleeping area. This can be folded down from the wall in a few easy steps.

### OPTIONAL: MULTIFUNCTIONAL BUNK BED (TRIPLE)

1. Two bunk beds are transformed into additional storage space in no time at all, which is easily accessible from the garage door (optional)...

2. ... or into a comfortable couch for lounging & relaxing by folding it to the other side.

\* Further information on standard and optional equipment can be found in the price list.

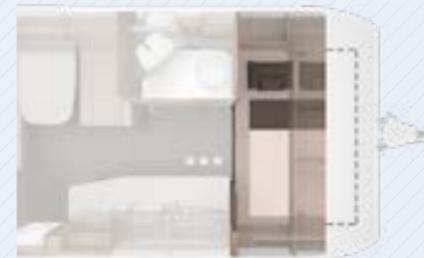

## SINGLE BEDS

**Generous in every respect.** With a length of up to 218 cm, there is room for everyone, and thanks to the roller slatted frame with precisely fitting upholstery (optional), a comfortable double bed is quickly created.

**Layouts:** SPORT 460 EU, 500 EU, 540 UE, SÜDWIND 460 EU, 500 EU, 540 UE, 580 UE, 650 PEB

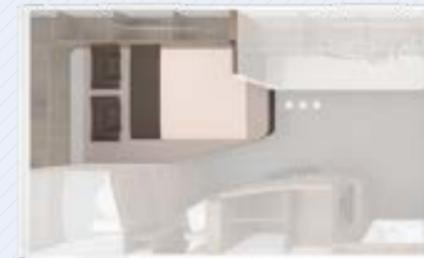

## TRANSVERSE BED

**Comfortably integrated.** By using the entire width of the vehicle, the space is used particularly efficiently and you get beds up to 210 cm long.

**Layouts:** SPORT&FUN 480 QL, SPORT 400 QD, 420 QD, 500 KD, 500 QDK, 580 QS, SÜDWIND 420 QD, 500 QDK, 580 QS

## FRENCH BED

**Space-saving.** The lengthwise bed offers up to 200 x 157 cm lying surface. The space-saving arrangement of bath and bed next to each other benefits the living space.

**Layouts:** SPORT 450 FU, 500 FU, 500 UF, 540 FDK, 550 FSK, 650 UDF, SÜDWIND 450 FU, 500 FU, 500 UF, 500 PF, 540 FDK, 550 FSK, 750 UDF

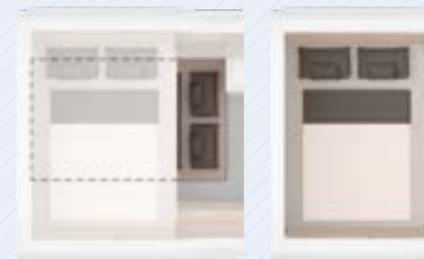

## QUEEN-SIZED BED

**Accessible from both sides.** Thanks to the special room layout, the queen-sized bed with dimensions of 200 x 144 cm is accessible from both sides and offers a comfortable passage to the rear bathroom.

**Layouts:** SÜDWIND 650 PXB

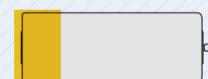

## SOFA BED & LIFTING BED

**Unique variability.** A folding sofa bed (200 x 140 cm) which serves either as a bench seat or as a comfortable double bed, and optionally a practical lifting bed (200 x 140 cm) ensure efficient use of space in the DESEO as standard.

**Layouts:** DESEO 400 TR

## GUEST BED

**Flexible and comfortable.** Depending on the layout, the seating group can be converted into an additional sleeping place for one or two people (partly optional). The exact bed dimensions can be found in the price list or on

[www.knaus.com](http://www.knaus.com)

# KITCHEN VARIANTS TO SUIT YOUR TASTE

For you, the kitchen is the heart of your home and without a large refrigerator you cannot enjoy your holiday? Or are you more the type who doesn't need anything except a hearty breakfast? Either way, there is something for every taste in our kitchen variants. And because a kitchen has to withstand a lot and meet high standards, we place particular emphasis on robust work surfaces and high-quality appliances. A well thought-out conception with short distances and plenty of storage space are standard features in every KNAUS kitchen.

## PANORAMA KITCHEN

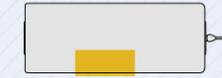

**Cooking with a view.** In the panoramic kitchen, the entire width of the vehicle is used, maximising storage space and work surface. The huge window on the kitchen unit creates a unique feeling of space. Depending on the layout, the refrigerator here offers up to 177 litres of volume and can be opened from both sides for easy access from the kitchen or living area.

**Layouts:** SÜDWIND 500 PF, 650 PEB, 650 PXB

PANORAMA KITCHEN SÜDWIND 650 PEB

## GALLEY KITCHEN

**Storage wonder.** Here the refrigerator is installed separately next to the kitchenette. Thus the complete kitchen block is available as storage space and the refrigerator can be particularly large with up to 177 litres.

**Layouts:** SPORT&FUN 480 QL, SPORT 500 KD, 500 QDK, 540 FDK, 580 QS, 650 UDF, SÜDWIND 500 FU, 500 UF, 500 QDK, 540 UE, 540 FDK, 550 FSK, 580 UE, 580 QS, 750 UDF

GALLEY KITCHEN SPORT 540 FDK

## COMPACT KITCHEN

**Perfect space efficiency.** Thanks to the compact arrangement with the refrigerator integrated into the kitchen block, the compact kitchen is particularly space-saving. This opens up the lines of sight and maximises the feeling of space.

**Layouts:** DESEO 400 TR, SPORT 400 LK, 400 QD, 420 QD, 450 FU, 460 EU, 500 UF, 500 EU, 500 UE, 550 FSK, SÜDWIND 420 QD, 450 FU, 460 EU, 500 EU

# BATHROOM VARIANTS: FROM COMPACT TO SPACIOUS

Having your own wellness area always with you is a real advantage for all those who do not know today where the desire to travel will take you tomorrow. When designing our bathrooms, we attach great importance to a user-friendly layout, best possible storage space as possible and a feel-good atmosphere. In the concept, we aim for the bathroom to offer as much space as possible but take up as little room as possible.

*Perfect use of space & large variety of bathrooms. From the compact bathroom in the bow to the huge rear bathroom with separate shower cabin*

## BATHROOM VARIANT 1

**Pole position.** The compact bathroom in the bow convinces with an easy-to-clean bench toilet, one-piece washstand and a large cabinet including a laundry compartment. The optional shower extension includes a pull-out shower head and the patented shower curtain with air chamber.

**Layouts:** DESEO 400 TR

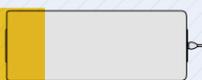

## BATHROOM VARIANT 2

**Innovative and practical.** Space-saving corner washbasin, spacious mirrored cabinet, rotating toilet: this bathroom is a real space-saving miracle. The optional shower extension contains the patented shower curtain, a shower head and a shower tray that can be pulled out into the living area.

**Layouts:** SPORT&FUN 480 QL

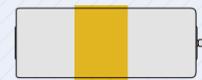

## BATHROOM VARIANT 3

**Compact and comfortable.** Thanks to the swivel toilet and the space-saving, fitted washbasin, in our compact caravan you'll also find a fully equipped bathroom.

**Layouts:** SPORT 400 QD

## BATHROOM VARIANT 4

**Universal and well thought-through.**

Very practical, due to the large washbasin. In the SPORT, with a swivel washbasin; in SÜDWIND with a bench toilet.

**Layouts:** SPORT 400 LK, 420 QD, 460 EU, 500 EU, 500 QDK, 540 UE, SÜDWIND 420 QD, 460 EU, 500 EU, 540 UE, 580 UE

## BATHROOM VARIANT 5

**Clever and spacious.** Standard for the layouts with French beds. In the SPORT with swivel toilet, in the SÜDWIND the premium bench toilet is installed.

**Layouts:** SPORT 450 FU, 500 FU, 500 UF, 540 FDK, 550 FSK, 650 UDF, SÜDWIND 450 FU, 500 FU, 500 UF, 500 PF, 540 FDK, 540 FSK, 750 UDF

## BATHROOM VARIANT 6

**Ingenious and huge.** Those who select the transverse bed and bunk bed, receive the nominally large bathroom that offers lots of room, even a separate shower.

In the SPORT models, the patented KNAUS shower curtain (optional) ensures that the water stays in the shower cabin; in the SÜDWIND models there is a folding shower screen with magnetic closure.

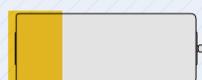

**Layouts:** SPORT 500 KD, 580 QS, SÜDWIND 500 QDK, 580 QS

*(Fig. similar)*

*Shower curtain in SPORT*

*Shower screen in SÜDWIND*

## BATHROOM VARIANT 7

**Exclusive feeling of space.** Here the entire width of the rear is used, so there is plenty of space for a large washstand with numerous storage compartments next to the mirror and the base cabinet, as well as for a separate shower. Two room-high cabin maximise the storage space even further.

**Layouts:** SÜDWIND 650 PXB, 650 PEB

The Flexible One

# DESIGNED

The self-supporting Fibre-Frame not only provides more flexibility in layout & room design, but also supports the progressive design language

The optimised tailgate construction is both highly stable and lightweight. Distinctive full LED taillights provide improved visibility & a modern overall image

- The #number 1**, because it...
- ★ is the second chapter of the THE MISSION and **part of the revolution.**
  - ★ unites **living and transporting** like no other.
  - ★ leads the way into the future with its **revolutionary FibreFrame.**

**The entire world in one layout.**

As well as the DESEO is constructed, Julia and Felix are able to load everything on board that will make their holiday perfect.

**DESEO 400 TR**

*Up to 4 sleeping places thanks to standard bed sofa & optional lifting bed*

**DESEO 400 TR**

*Optional with 2 motorcycle brackets*

**DESEO 400 TR**

*My Tip*

Jürgen Thaler, Product Manager  
KNAUS Motorhomes & Caravans

“The DESEO with its huge tailgate is predestined for an extension of the living space. Our partner WIGO tents offers a rear tent developed particularly for the DESEO which can be combined with an awning.” Learn more at: [www.wigo-zelte.de](http://www.wigo-zelte.de)

*The Premium gas locker with central service module at the front offers space for two 11 kg gas bottles as well as practical access to important connections of supply technology & for emptying the cassette toilet*

*The automotive tailgate does not just make the operation simple; it also connects the living room with the great outdoors.*

DESEO OVERVIEW

Layouts 1  
Gross vehicle weight kg 1500 - 2.000

Configure now on [configurator.knaus.com/luk](http://configurator.knaus.com/luk)

1 DESEO 400 TR

2 DESEO 400 TR

3 DESEO 400 TR

**1. Transport Plus-Package.** If you choose the optional Transport Plus-Package, you will receive a ramp, two sturdy motorcycle brackets and 10 lashing eyes. In order to be able to transport everything safely, the package also includes a load increase of up to 2,000 kg (chassis). For the living area, the transport version includes a particularly space-saving folding bench seat and the otherwise optional lift bed.

**2. Comfortable and flexible.** For those who only want to take a motorcycle with them and do not want to do without the comfortable bed sofa, the standard version can also be equipped with a motorcycle bracket. Especially practical: You can also use the variable table outside thanks to the lightweight resistant aluminium frame.

**3. Safely stowed.** Whether in the standard or transport version: all variable furniture can be securely fastened to the side wall while driving. So everything has its fixed place and you have enough space for bikes and more.

*Pneumatic springs make opening and closing child's play & a special mechanism ensures that the tailgate remains securely in place when opened.*

*The 160 x 180 cm wide tailgate and the stable drive-on ramp which is secured during the journey by means of a rod & twist lock make loading particularly easy. Optionally you can also get a second loading ramp.*

DESEO 400 TR

STORAGE SPACE OVERVIEW

400 TR

NEW

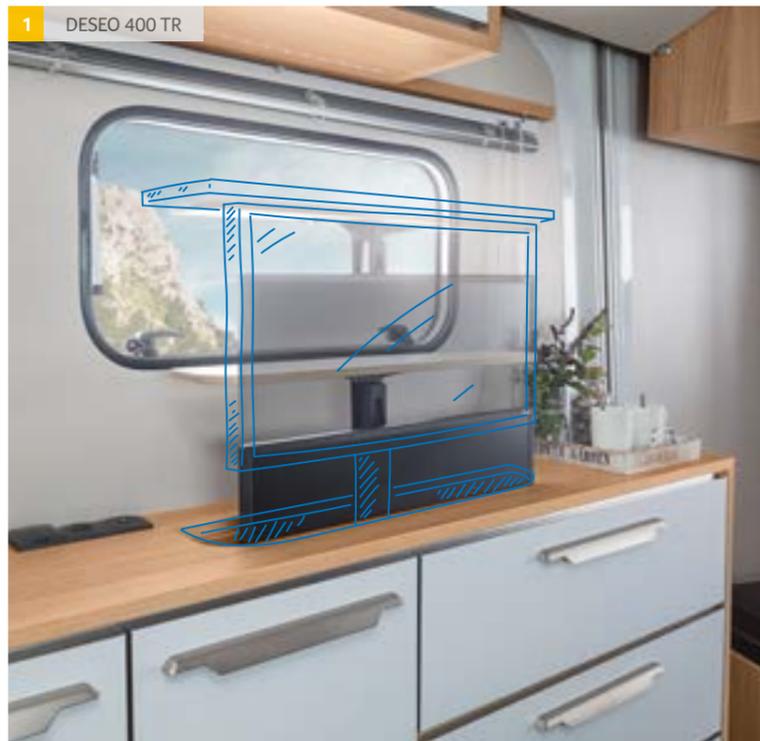

*The optional insect screen can be closed completely from both sides. Alternatively, both parts can be closed up to the middle of the vehicle or to any other position. This gives you maximum variability!*

**Big door for a fresh breeze.** On the go all day, but still haven't seen enough. Thanks to the huge tailgate, Julia und Felix can say "cheers" inside while still feeling as if they are sitting outside.

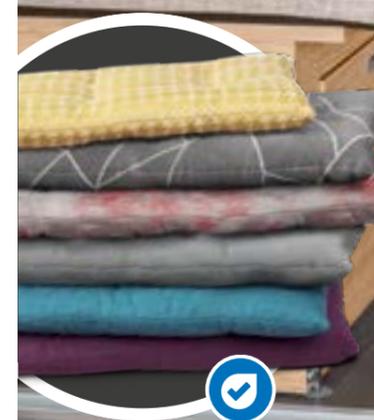

Here everything perfectly finds space

1. **Retractable LED-TV.** So that it is not damaged during transport and only uses a small amount of space, the 24-inch Full HD TV disappears elegantly in the side panel.
2. **Spacious wardrobe.** Lots of room for storing several weeks' worth of clothing.
3. **Additional storage space.** Even the space underneath the seating area is perfectly used in the DESEO.

Also in the transport version you can rely on high living comfort & use the foldable bench as additional sleeping place

The special back cushions (optional) are available in 6 different versions. There is something for every taste

**LOUNGE OVERVIEW**

400 TR Standard  
Bettsofa

400 TR Option  
Particularly space-saving,  
foldable seating group for  
maximum loading area

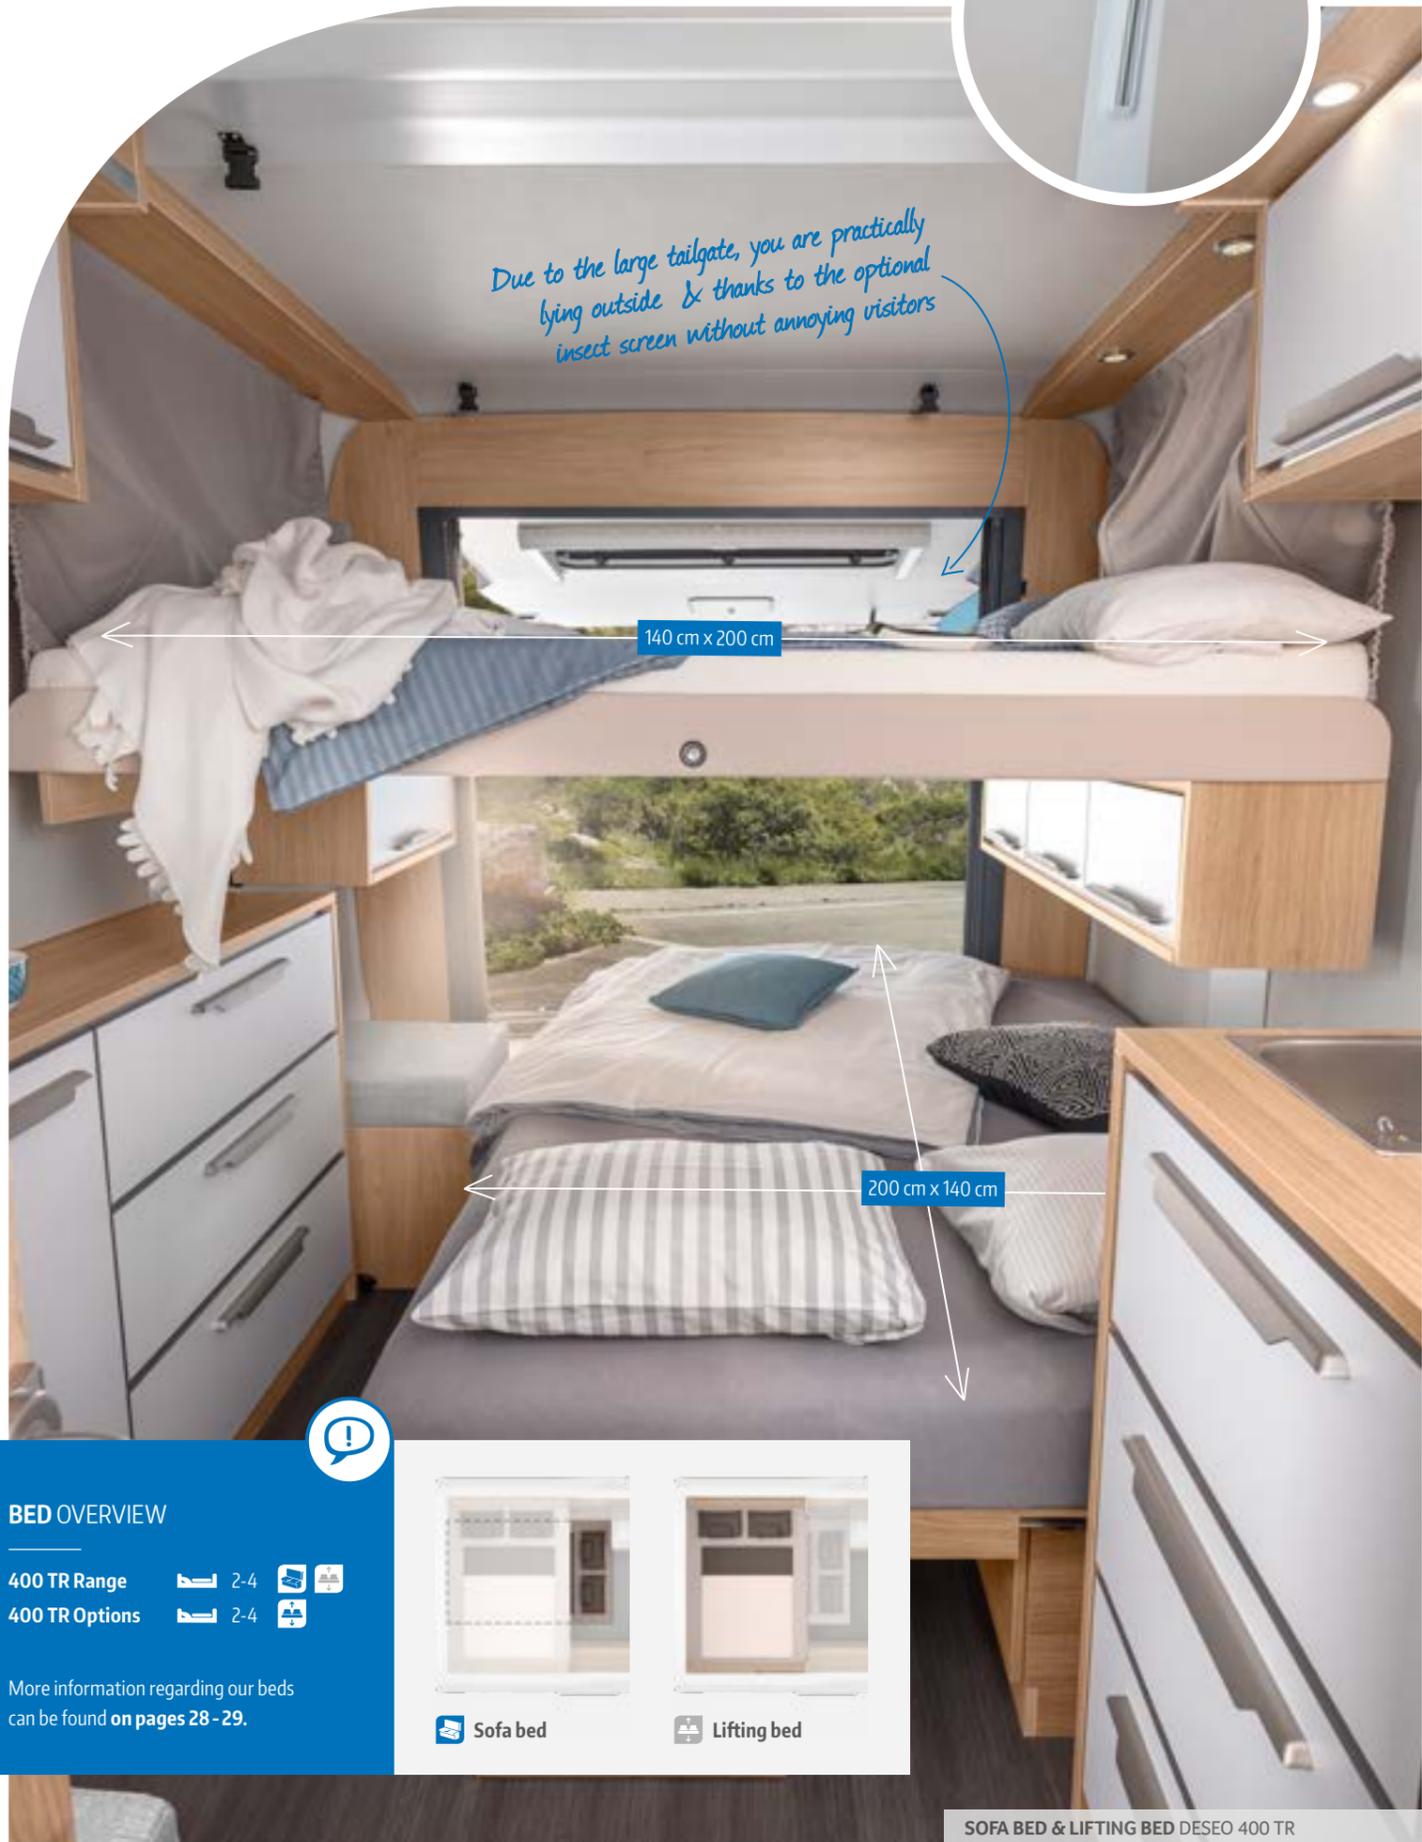

**Cooking for two.**  
 The 2-flame cooker is optimally suited for this, since it is aligned in such a way that it optimally uses the space and offers sufficient space for the preparation of your favourite meals. For Julia and Felix, that's standard and simple: good pasta.

- 1. Practical organisation box.** There are lots of little helpers in the kitchen such as the innovative Orga-Box. It creates tidiness and ensures that everything stays in its place during the journey.
- 2. Modern equipment.** The wall niche is designed to accommodate a coffee machine. High-quality blinds (optional) fit in perfectly with the stylish overall picture and provide pleasant darkening.

**KITCHEN OVERVIEW**  
 400 TR Compact kitchen  
 More information regarding our kitchens can be found on pages 30 - 31.

Revolutionary construction: The rail for the lifting bed is directly integrated into the B-Pillar of the FibreFrame

**Unique space wonders.** Firstly a comfortable sofa, then a cosy bed: Thanks to the well thought-out construction, Felix has converted the practical bed sofa in no time at all.

- 1. Comfortable Sofa Bed.** The bench can be converted into a comfortable double bed in just a few easy steps. This makes particularly efficient use of the living space and offers plenty of room of movement and transport space in daytime mode.
- 2. Optional lifting bed.** When the lifting bed is not needed during the day, it can be easily raised. At night it offers maximum sleeping comfort thanks to high-quality EvoPore HRC mattresses.

**BED OVERVIEW**

- 400 TR Range 2-4
- 400 TR Options 2-4

More information regarding our beds can be found on pages 28 - 29.

Sofa bed

Lifting bed

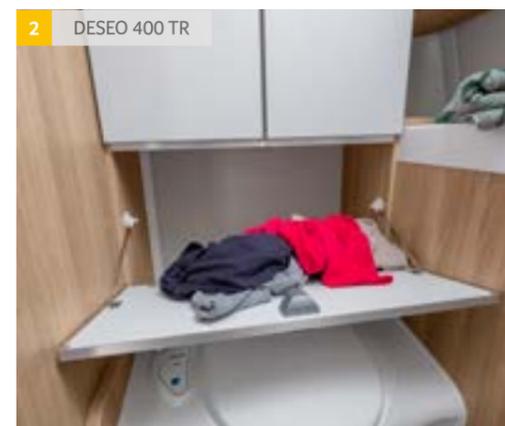

**One bath, many options.**

The compact bathroom offers Julia and Felix not only a wellness area with numerous shelves and extra storage space, but also a place to dry towels thanks to the practical folding clothes rail.

1 DESEO 400 TR

2 DESEO 400 TR

**1. Innovative shower curtain.** With the optional shower extension, you receive the patented KNAUS shower curtain in addition to the extendable shower head including holder. Thanks to a guide rail on the ceiling, it can be opened and closed particularly smoothly. An integrated air chamber turns the curtain into a shower cabin and thereby keeps it from touching your body.

**2. Spacious laundry compartment.** Again a practical detail which provides for tidiness in the DESEO. In the compartment beside the toilet you can store worn laundry or fresh towels optimally so that you have more space in the large wardrobe.

*Lots of storage space thanks to the extended washbasin*

*Comfortable and easy-to-clean bench toilet*

Bathroom variant 1

DESEO 400 TR

The Practical One

All information on the BLACK SELECTION special model can be found in the separate brochure & online at [www.knaus.com/sport-fun-black-selection](http://www.knaus.com/sport-fun-black-selection)

**BLACK**  
Selection

The #number 1, because it...

- ★ is simply a **true legend** among the caravans.
- ★ can easily transport **any type of sports equipment**.
- ★ perfectly combines **value of living and value of use**.

Perfect combination of materials and maximal stability thanks to Pro.TEC frame. (additional details on Page 17)

The optional storage flap at the bow measures a huge 100 x 120 cm and makes loading particularly easy

The forms made of sturdy ABS-PMMA plastic ensure a striking design and even after many years, they look as good as new.

# SPORT & FUN

## Delivers what it promises: SPORT&FUN.

Just the right caravan for a surf holiday. Thanks to the huge front garage, all the equipment can be taken with you.

**SPORT&FUN 480 QL**

**SPORT&FUN 480 QL**

Up to 4 sleeping places

**SPORT&FUN 480 QL**

The perfect combination of transport and living space thanks to the optional motorcycle mount

## My Tip

Jürgen Thaler, Product Manager  
KNAUS Motorhomes & Caravans

“Do you want to have more space during your holiday? Then the WIGO awning is perfect for you – it has been customised to perfectly fit the SPORT&FUN. Easy to assemble using piping entry and removable side panel are only a few of the advantages.”

Learn more at : [www.wigo-zelte.de](http://www.wigo-zelte.de)

With the ladder you get safely to the roof to fix bulky luggage like surfboards & kayaks to the railing

The gas locker is separated from the living area, easily accessible from the outside and offers space for two 11 kg gas bottles

4 SPORT&amp;FUN 480 QL

**1. Optional motorcycle bracket.** In combination with cleverly positioned lashing options, your motorcycle is optimally secured while driving. For easy loading an integrated ramp is optionally available.

**2. Comfortable Loading.** The service flap on the right (65 x 80 cm) is standard equipment. In combination with the optional storage space flap on the left (100 x 120 cm) you have a practical through-loading option for efficient use of the bow storage space.

**3. Huge garage at front.** Maximum storage space, perfect load and weight distribution over the entire width of the vehicle and practical access thanks to the folding and height-adjustable bed. And, of course, the well thought-out layout design also promises the best possible driving characteristics when loaded correctly.

**4. Embedded lashing rings.** So that you can optimally secure your cargo and no tripping hazard is created, in case you don't have any things to transport.

**5. Durable materials.** The high-quality vinyl flooring is very durable and looks good even after many years.

5 SPORT&amp;FUN 480 QL

The large rear door with a width of 92 cm offers the best conditions for convenient loading and unloading

Here the integrated drive-on ramp (optional) is waiting to be used if you want to take your motorcycle with you

STORAGE SPACE OVERVIEW

480 QL

**Wave rider & World traveller.** While Julia is testing the mood of the Atlantic Ocean, Felix immerses himself into the depth of his guidebook.

Who needs wine glasses?

Transverse bed

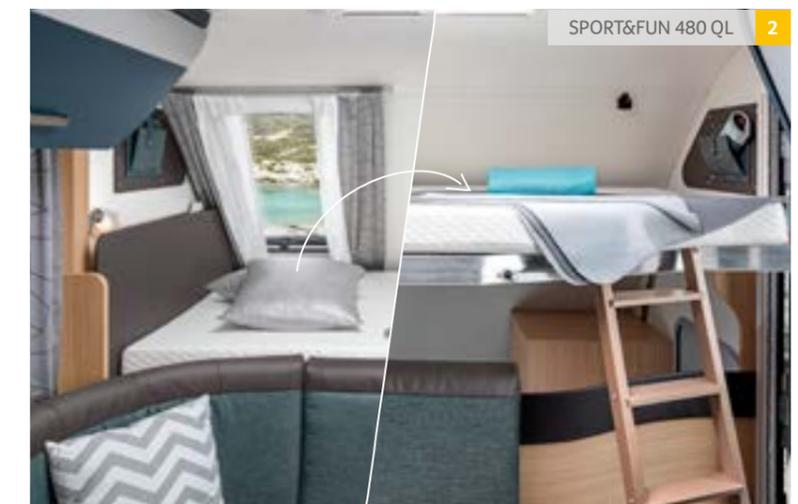

Guest bed

SPORT&FUN 480 QL

**Fold down the seats and fall into a deep sleep.** If it was up to Julia, this kind of bed can't be big enough. Felix is looking forward to the practical fold-down function, through which no centimetre of storage space is lost.

**1. Folding bed.** The gas pressure springs make it super-easy to fold up the standard transverse bed and you always have easy access to the bow storage space below.

**2. Height-adjustable bed.** As an alternative to the foldable variant, in the SPORT&FUN version you can also select a height-adjustable bed with elaborate adjusting mechanisms. With full transport capacity of the front garage, this can also be used for sleeping in the raised position. It can also be folded upwards at an angle if, for example, you want to transport very bulky luggage.

**Sunbathing to go.** After spending a day in the Spanish sun, Julia finds a welcome refreshment. And the practical cabinets are a true joy.

1 SPORT&FUN 480 QL

2 SPORT&FUN 480 QL

- 1. Extendable shower.** The bathroom can be easily expanded by a shower tray (optional). Also included in the shower extension: A high-quality shower head including holder next to the door - ready to hand for use in the shower tray.
- 2. Excellent use of space.** Lots of room for a relaxing holiday experience. Every corner and every angle is optimally used.

SPORT&FUN 480 QL

*Large shower in the compact caravan! The optional retractable shower tray makes it possible*

- 2. Turn- and adjustable LCD-TV.** Thanks to the flexible TV holder, you can watch TV from the seating area as well as from your bed.
- 3. Huge SkyRoof.** The panoramic roof offers a magnificent view in the seating area. Perfect holiday feeling in any weather.

*You can't see it, but you can hear it: The optional KNAUS Bluetooth sound system plays your favourite music in best quality over two speakers*

*The foldable pull-up curtains can offer privacy*

*Thanks to the one-column lifting table, from every spot you'll enjoy the same amount of legroom*

*Quick and easy folding of bench for easy access to the storage space underneath*

More information regarding our kitchens can be found on pages 30 - 31.

**Your favourite food taste good anywhere.** But while on holiday it tastes even better, especially when mum and dad are doing the cooking. On the 3-flame cooker, there is enough space for family-sized portions.

- 1. Compact kitchen.** From the refrigerator integrated into the kitchen block to a lot of storage space and the gas cooker: everything is available and particularly space-savingly arranged.
- 2. High-quality wall paneling (optional).** Protects against stains and splashes during cooking and, thanks to the same décor as the worktop and ambient lighting, looks particularly classy.
- 3. 3-flame cooker with electric ignition.** Heats lightning fast and thanks to the high-quality cast iron grate, 3 pots have a secure stand at the same time.

QUEEN-SIZED BED SÜDWIND 650 PXB

*Soft head and side panel as well as a wall trim in leather ensure a noticeably high-quality ambience.*

up to 200 cm long

up to 144 cm wide

*The optional fitted sheets are perfectly adapted to the shape of the beds and ensure maximum lying comfort & a perfect positioning*

**A spot for dreamers.** The beds are aligned in such a way that they are like small retreat. This way, one-half of the bed can finish their chapter, while the other half sleeps.

*Pull out slatted frame (optional), place upholstery and presto - your comfortable double bed is finished.*

BUNK BED SÜDWIND 540 FDK 1

*The lower bed folds up to create a flexible storage space*

You can find more information about our beds on [page 28 - 29](#).

- 1. Functional bunk beds.** In some layouts, the 2-bunk bed can optionally be extended into a linen cupboard or a third level. Always included as standard: fall-out protection and a fixed ladder for optimum safety.
- 2. Extending single beds.** 2 separate longitudinal beds become a large lying surface in no time.
- 3. Storage space.** Up to two large wardrobes offer you sufficient storage space for your travel wardrobe.

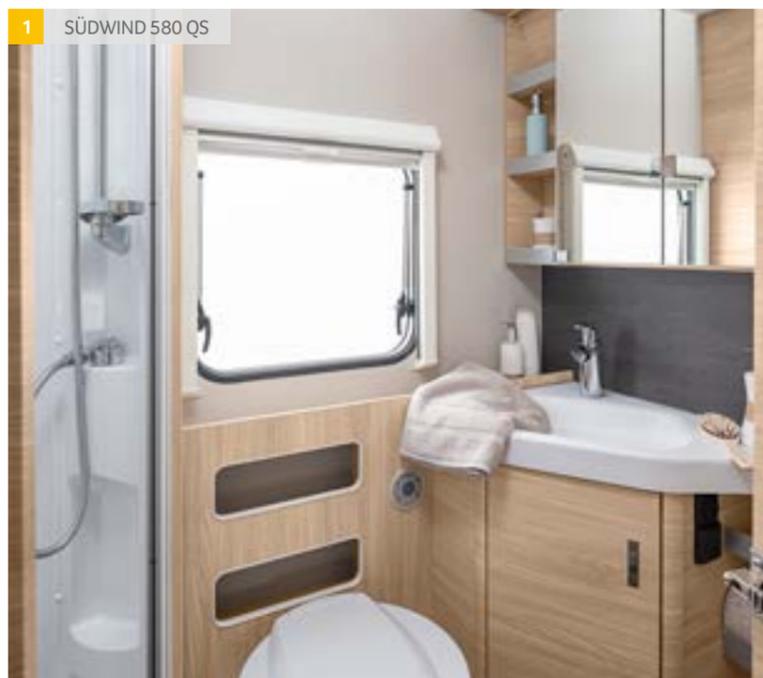

SÜDWIND 580 QS 3

SÜDWIND 580 QS 3

**Children, what a bathroom.** There's enough space for everything at the large sink. Even for a little nonsense with dad.

1 SÜDWIND 580 QS

2 SÜDWIND 650 PXB

3 SÜDWIND 450 FU

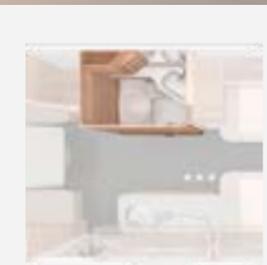

4 SÜDWIND 500 EU

- 1. **Bathroom variant 6 at the rear.** Here you have plenty of freedom of movement, a large washbasin and a separate shower.
- 2. **Bathroom variant 7 at the rear.** The rear bathroom offers optimum space efficiency by using the entire width of the interior. This creates space for a separate, spacious shower cubicle.
- 3. **Bathroom variant 5.** The separate toilet room with a practical bench toilet is particularly practical for families.
- 4. **Bathroom variant 4.** Especially practical thanks to the perfectly integrated washbasin with extended shelf and bench toilet.

**Find us and our awards.** Whether at your local KNAUS dealer or on our numerous online channels: we are by your side with advice and support. As a result of our strong community, our vehicles can convince experts and specialist juries time and again and have already received numerous awards.

NEW

**User-friendly layout finder.** On the way to the perfect travel companion there are a few questions to be answered: How many beds do you need? How big may or should your KNAUS be? Do you have a fixed budget? The layout finder guides you to the right vehicle for you in a few seconds thanks to intuitive queries of the most important points.

**New configurator.** Configure your personal freedom that inspires. With the product configurator you can put together your personal KNAUS vehicle according to your individual wishes and get closer to your dream of your own KNAUS click by click. And finally, you can conveniently save everything as a PDF, print it out and share it with family and friends.

**Strong dealer network.** More than 300 brand partners in over 25 countries worldwide: this huge dealer network also contributes to high customer satisfaction. Competent advice, friendly service and exciting events await you here. You can find the nearest KNAUS dealer and the layouts you can expect there with just a few clicks by entering your postcode in the dealer search.

All directly at [www.knaus.com](http://www.knaus.com)

*KNAUS stands for quality. We are not the only ones who think so: Numerous accolades confirm our abilities*

**Pride & motivation.** Our awards motivate us to deliver top performance time and time again. Of course, we are happy to share this with you, our customers. A complete chronicle of our awards can be found at [knaus.com/auszeichnungen](http://knaus.com/auszeichnungen)

**This is freedom that inspires everyone.** KNAUS not only stands for high-quality leisure vehicles, but above all for the joy of caravanning. Immerse yourself in our unique brand world and discover our wide range of offers that will make the most beautiful time of the year even more colourful. Benefit from our offers like the mein.KNAUS customer club, our fan shop or the services of our rental portal RENT AND TRAVEL.

**mein.KNAUS customer club.** As a KNAUS customer, you enjoy freedom that inspires. As a customer club member you experience freedom that connects. Benefit from numerous advantages, such as exclusive activities and great discounts with our cooperation partners! As a club member you will receive an invitation to our annual customer meeting and twice a year our informative customer magazine INSIDE will be sent to you by post. The membership is 100% free of charge for all KNAUS customers.

*Not a member yet? Then register directly and don't miss anything under [mein.knaus.com](http://mein.knaus.com)*

**KNAUS Fanshop.** Fancy a little shopping trip? In our fan shop, you will find a large selection of items that make travelling even more beautiful. From high-quality women's and men's fashion and fun games to key chains: we have something for everyone.

*There is lots of great KNAUS merchandise at [shop.knaus.com](http://shop.knaus.com)*

RENT AND TRAVEL  
URLAUB MIT DEM WOHNMOBIL

**RENT AND TRAVEL.** You would like to buy a leisure vehicle, but wish to test in advance whether it really suits you? Then the RENT AND TRAVEL service is just right for you. Search for your favourite layout comfortably online or in a travel agency. Together with a Germany-wide network of over 170 rental stations with over 1,900 rental vehicles and more than 380 partner travel agencies, RENT AND TRAVEL supports you in your decision for the right vehicle. You can also profit from our large service portfolio, such as route suggestions and numerous cooperations with camping and parking sites. Enjoy the practical holiday test!

*Bookable online at [www.rentandtravel.de](http://www.rentandtravel.de)*

# OUR SUPPLIERS & PARTNERS

With the products of our strong and reliable partner companies, every KNAUS motorhome becomes still a little better. We only work with hand-picked professionals and jointly develop tailor-made solutions for our leisure vehicles and your travel happiness so that you can also rely on the highest quality standards.

NEW

You can find more information about the MediKit first-aid kit on page 19

Satellite system & TV can be controlled with just one system remote control

## STRONG PARTNERS & FEATURES

### BWT water filter

Our partner for hygienic fresh water supply. The high-performance filter system from BWT has been specially developed for the requirements of our leisure vehicles. **More information can be found from page 22**

### VELOCATE GPS tracker

Velocate's innovative GPS tracking system ensures optimum theft protection thanks to intuitive app control with silent alarm mode and a stand-alone mileage of up to 3 months without power connection.

**More information can be found on page 17.**

### WIGO awnings and rear tents

When perfectly fitting awnings and rear tents are required, we trust our partner WIGO. The Hessian tent expert offers practical products, some of which are specially tailored to KNAUS caravans, to extend the living space to the outside, ranging from user-friendly piping rails to removable side panels and the combination of awning and rear tent.

### TRUMA manoeuvring system

For perfect and comfortable manoeuvring, you can optionally equip your caravan\*\* with the matching TRUMA Mover manoeuvring system. This enables precise manoeuvring and precise coupling to the towing vehicle via an intuitive, handy remote control. The TRUMA Mover masters inclines of up to 10% and even one-sided obstacles and a bumpy ground are not a problem. It also offers maximum safety thanks to its automatic stop function and hill holding.

### TEN HAAFT satellite systems

With the optional satellite systems from Ten Haaft, watching TV in the KNAUS vehicles becomes even more comfortable and user-friendly. Our TV packages with space-saving, extremely wind-resistant CARO+ Premium satellite systems and 24" to 32" TVs guarantee a high level of comfort and clear TV reception.

Essential for cyclists and active holidaymakers

## THULE BIKE CARRIER

The Thule Caravan SUPERB is the optimum equipment feature for **safe and user-friendly transport** of your **bicycles or e-bikes**. Mounted **on the drawbar** and with a **lockable push bar**, the wheels are held securely in place even in difficult road and wind conditions.

Thanks to the low platform, the carrier is particularly easy to load and offers complete access to the gas box even with bicycles

## FRANKANA FREIKO

## FRANKANA FREIKO

There are some things that you simply cannot do without on the camp site. You can rely on the KNAUS collection by our partner Frankana Freiko.

- Gas adapter set** suitable for all European gas cylinder connections | Item no. 651/026
- Camping table** dimensions (L x B): 115 x 70 cm | Item no. 51 012
- Camping Chair** anthracite | Item no. 651/019

- Footrest** anthracite | Item no. 601/143
- Pot-Set** 9-piece, ø 20 cm | Item no. 51 013
- Cutlery Set** Cosmic Blue, 9-piece | Item no. 51 014
- Mugs** 4-piece set, blue | Item no. 651/020

On [shop.knaus.com](http://shop.knaus.com) you can find the wide offer of our fanshop. For more information & prices from Frankana Freiko, visit [www.frankanafreiko.de](http://www.frankanafreiko.de)

\* Additionally the hardware is prepared, via optional sensors (e.g. door/window contact) to be expanded. Further information can be found at [www.velocate.com](http://www.velocate.com) or [www.knaus.com](http://www.knaus.com).  
 \*\* The availability and equipment of the shunting system depends on the model.

## Your KNAUS dealer is looking forward to meeting you!

*Our catalogues are also available for semi-integrated and integrated motorhomes and CUVs. Also discover our special and anniversary models in the separate brochures!*

You can find much more information about KNAUS at [www.knaus.com](https://www.knaus.com)

Errors and misprints are reserved. The information on the delivery contents, measurements and weights as well as the appearance correspond to the knowledge at the time of printing (08/2020). We reserve the right to make changes on equipment, technical data, serial equipment and prices. After a contract has been concluded, we reserve the right to make technical changes within the framework of the construction insofar as they serve technical progress and are acceptable for the customer. Minor colour and texture deviations are also reserved - even after conclusion of the contract - insofar as these cannot be avoided due to the material (e.g. colour deviations of up to approx. 2.0 dE between paint on sheet metal and paint on GRP/plastic) and are reasonable for the customer. Some illustrations show equipment features which are not included in the serial equipment and/or which can be ordered at extra cost (optional extras), and in some cases also equipment features of prototypes/studies/country variants which do not correspond to the serial status and which cannot be ordered as optional extras. Minor colour deviations between the illustrations in the brochure and the actual vehicle cannot be completely excluded due to printing processes. Therefore, before purchasing a vehicle, please seek comprehensive advice on the current status of the series from an authorised KNAUS dealer. The decoration shown in the catalogue is not part of the equipment supplied. Please also note the comments in the current price list, in particular on weights, payload options and tolerances. Reprinting, even in extracts, is only permitted with the prior written permission of Knaus Tabbert GmbH.

**Knaus Tabbert GmbH** . Helmut-Knaus-Straße 1 . 94118 Jandelsbrunn . Germany
